How it works

Welcome to your Way2Learn course.

This course is designed to enable access to education for all – whether in-cell or in your establishment's education facility.

To complete this course, you will need to watch all of the episodes. Times for each episode are provided on the next page.

You can request a copy of the episode transcript from your Distance Learning Coordinator or Learning and Skills Manager if you need to revisit any of the information.

If you have any difficulties in completing this course, please speak to a suitable peer mentor or member of staff for some help.

Once completed, return your answer book to the appropriate member of staff. After it has been received, it can take up to 3 weeks to be assessed and issued a certificate.

You can ask a member of staff for a copy of our policies and practices for further details.

Workplace Scenarios

Question 1 (Episode 1)

Scenario: You are working in an office, and your manager asks you to find recent statistics on workplace cybersecurity threats for an upcoming presentation. You search online and find multiple sources, but some contradict each other.

How would you determine which source is the most reliable? Explain two steps you would take to ensure the information you provide is accurate and trustworthy.

Word Count: 50-100 words, (2 marks available)

Question 2 (Episode 2)

Scenario: You receive an email that looks like it's from your company's HR department, asking you to confirm your personal details by clicking a link. The email says your payroll information needs updating immediately to avoid payment delays.

How would you handle this situation to protect your personal data and company security? Explain what you should do before responding?

Word Count: 50-100 words, (2 marks available)

Question 3 (Episode 3)

Scenario: You are working in a company where all important updates are sent via email. A colleague frequently forgets to check their inbox and misses key information, leading to mistakes in their work. They insist that email is outdated and prefer using instant messaging apps instead.

How would you explain the importance of email in a professional setting and encourage them to use it effectively?

Word Count: 50-100 words, (2 marks available)

Question 4 (Episode 3)

Scenario: A company is reviewing candidates for a management position. One candidate has strong qualifications, but when the hiring manager checks their social media, they find public posts criticising former employers and sharing unprofessional content. The manager is concerned about how this reflects on the company.

Based on best practices for maintaining a professional online presence, what issues does this candidate's social media activity present, and how could they have managed their digital reputation more effectively?

Word Count: 50-100 words, (2 marks available)
